For Immediate Release

Road Closure for West Blodgett Street

Beginning Wednesday, September 8th, 2021, Gerke Excavating Inc. will begin underground utility replacement at West Blodgett Street between St. Joseph Avenue and Wood Avenue.

Following Gerke Excavating's sanitary sewer, water main and grading work, the City of Marshfield will complete the street paving. The expected duration of these closures will be approximately 6 - 8 weeks. No detours will be posted for these closures.

Motorists are advised to find alternative routes and avoid this area due to anticipated traffic congestion. Please use caution through construction zones and plan for additional travel time, changing road conditions and reduced vehicle speeds.

If there are questions concerning this or other traffic control matters within the City, please call the Engineering Division at 715-486-2034.
